

Migration registration of foreign citizens arrived to Derzhavin Tambov State University

Whenever entry into the territory of the Russian Federation (and at any change of registration data), at the day of crossing the border or the next working day, a foreign citizen is obliged to come to the Center of Migration and Visa Control for migration registration and provide the following documents:

- international passport (original);
- visa;
- migration card (with the border control stamp);
- 10 3x4 cm photos (matte paper);
- recommendation letter of the Ministry of Education and Science of the Russian Federation (for students directed by the state).

A student registered in the hostel of TSU gets the separated part of the arrival notice of the foreign citizen to the Russian Federation which is the proof of his legal stay on the territory of Russia.

The initial registration is issued for the period of the entry visa validity (no more than 90 days). A month before the termination of the period of visa (registration) validity a student needs to apply to the Center of Migration and Visa Control to renew the registration.

Please note that foreign citizens leaving to other cities of the Russian Federation are obliged to get the migration registration in the place of stay on the day of arrival or the next day.

In case of departure from the Russian Federation within academic year for any other reason a student needs to provide an application justifying the reason of departure and permission of the Director of Institute to Passport and Visa Department.

The International Relations Department of TSU urges students not to leave the Russian Federation without emergency during the academic year.
